

Future possibilities to explore...

Are you wondering about your teen's future?
Are you asking what opportunities are available for them?

Marie Lise Pilote, along with representatives from all local training centres will answer questions and will be ready to talk to you at the "Salon de la formation professionnelle et technique".

Student visits will take place on October 21, 22 and 23rd during the day and on **Thursday, October 22nd from 7:00 to 9:00 p.m.** the doors will be open to the general public, parents included.

Come and meet the "experts" and discover 40 training programs leading to jobs that are in demand in the Estrie region.

It is free and will take place at the pavillon Universitrie de l'Université de Sherbrooke (sports centre).

Come and see me! I will have a small short film set up at the Salon. You may see your child on the screen!

I look forward to meeting you

Marie Lise Pilote
